73                 <p>
74                     The term DSA stands for Data
75                     Structures and Algorithms. As
76                     the name itself suggests, it
77                     is a combination of two
78                     separate yet interrelated
79                     topics.
80                 </p>
81             </div>
82             <div class="box">
83
84                 <div class="topic">
85                     <a href="" target="_blank">
86                         HTML
87                     </a>
88                 </div>
89                 <p>
90                     HTML stands for HyperText
91                     Markup Language. It is used
92                     to design web pages using
93                     the markup language.
94                 </p>
